

A 6-STORY, 100+ BEDROOM condo/hotel with **FIRE PITS** on our **AQUIFER** by the **GRANITE CHIEF TRAIL** here in **OLYMPIC VALLEY?**

Come to the Notice of Preparation Meeting: Thursday, May 12, 3pm 775 N Lake, Suite 200, Tahoe City

This industrial development affects our drinking water, affects underwater flow, reduces the size of our aquifer, and moves the Granite Chief trail.

We need sustainable development in Olympic Valley that enhances or maintains the recreational access, beauty and safety of the region.
