

Placer 2050 Planning Our Future

What's Your Vision for Placer County's Future?

Join us to help plan our future for the next generation!

Placer County is looking ahead now to 2050. How will we preserve our natural resources, house our workforce, protect our communities from wildfire, and deal with traffic? The General Plan will guide decisions about these issues and more over the next 20 years. Share your dreams, concerns, and ideas.

In-person Open Houses: We are hosting five open houses across the county. You can drop in and out of the open house any time throughout the event window.

Virtual Workshops: Prefer a virtual workshop? Join us at one of the events below. Please register in advance to receive the meeting link. The meeting link will also be posted on www.Placer2050.com.
